

## AFTER "UNCLE JERRY" NOW.

The President Jealous of Secretary Rusk's Presidential Bee.

## A COLLAPSE IN THE SHOREMAN HOTEL.

The Guests Miraculously Escape With Their Lives—National Bank of Norfolk—Capital Notes.

WASHINGTON, D. C., April 17.—[Special.]—It now turns out that Secretary Blaine is not the only member of the Cabinet of whom the President is jealous or suspicious. He suspects Secretary Rusk of entertaining Presidential aspirations. After the tour to "Swing around the circle" had been arranged, and all the Cabinet ministers were invited to accompany the party, the President readily acquiesced in the declaration of such members of his official family as excused themselves with the exception of Secretary Rusk. When the latter was invited to make the round he declined, giving as an excuse that he must remain in Washington to press negotiations for the admission of American hogs in Germany. Secretary Rusk had made up his mind he would not go and so announced. Monday morning he received a message by telephone summoning him to the White House. He responded immediately, and upon reaching the Executive Mansion he found the President busily preparing for his tour.

## OVERHEARD UNCLE JERRY.

Mr. Harrison, ceased preparations to hold a serious conversation with his Secretary of Agriculture, "Rusk," said he "I sent for you to say that you must go with me. You know the agitation that is going on amongst the farmers, and the great importance of our concluding the Chicago fair, and should any agricultural interests of the country, and should you be absent the farmers might take offense. They will naturally expect you, and I must insist upon your accompanying us."

Secretary Rusk was somewhat staggered, but he endeavored to make a good thing out of it, particularly that negotiations with Germany with regard to the American hogs might arrive at a stage that would require his presence in Washington. The President replied that he would be in constant telegraphic communication with him, and should anything arrive to require General Rusk's attention at the national capital he could return in ample time. Rusk was forced to acquiesce.

## HE LOSES HIS TEMPER.

He returned to the Agricultural Department and with flushed face confronted the Assistant Secretary. "Willets," said Rusk, "I turn the department over to you for the present. I thought you were not going," retorted the Assistant Secretary. "I can't help it," replied Rusk with warmth, "I've been ordered to go." Why it is Harrison is afraid that somebody might urge me for the Secretary of Agriculture, and I am determined to keep it for myself as against him." With something that sounds much like an oath, the Secretary said that he must hasten home to pack up for the trip. "But," he added, "I will return in about ten days." When the party started General Rusk stated that he would abandon the tour at Galveston and return, but the telegraphic dispatches announce that he is going the entire round.

## HARRISON, BOLD ON.

This shows that President Harrison does not propose to leave an intriguing enemy in his rear, and no doubt Rusk has received a further order.

President Harrison is even more suspicious of Rusk than of Blaine. The former has diligently advertised himself as the farmers' friend, almost daily has been supplying the press with information as to the great services he has rendered in presenting the claims of American cattle shippers to foreign markets. His present trump-card is the American hog and it is evident that the President does not intend that his Secretary of Agriculture shall play this trump. The President's jealousy of his Cabinet ministers may yet cause a rupture in his administration.

## MIRACULOUS ACCIDENT.

The Shoreman Hotel, Vice-President Morton's great stronghold, which since its completion has been the home of many persons prominent in political and social life, was the scene of an accident this afternoon which by almost a miracle did not entail any loss of life. In the sixth floor workmen were employed in putting up a magnificent girder, which supported the upper part of the main hallway. The jack rested on the stair hallway of the fifth floor, and as the floor was not substantial enough to resist the pressure there was a sudden collapse. The floor gave way and a mass of timber, plaster, and other material fell. Its weight crushed through the next floor and the combined mass carried the next until a volume of debris weighing tons fell into the basement. Fortunately no one was hurt. The greatest panic ensued among the guests, many of them rushing wildly into the streets. The collapse was confined to the hallways, and the manager has endeavored to quiet the guests by assuring them there is no further danger. But the guests refuse to be quieted. The greatest alarm was caused by the fact that some of them have already removed to adjoining hotels. It is said that the building was run up in great hurry, and it is really unsafe for a structure so high and containing so many persons.

## DIVIDENDS IN FAVOR OF CREDITORS.

WASHINGTON, D. C., April 17.—The Comptroller of Currency has declared an eighth dividend of 3 percent in favor of the creditors of the Exchange National Bank of Norfolk, Va., making in all 63 percent of the claims proved, amounting to \$2,892,219.32. Also, a sixth dividend of 3 percent in favor of the creditors of the Fifth National Bank of St. Louis, making in all 36 percent on the claims proved, amounting to \$1,129,718.35. Also, a first dividend of 15 percent in favor of the creditors of the First National Bank of Shufeldt, Ala., on claims proved, amounting to \$61,078.82.

## Secretary Proctor Left Washington Today for Vermont, where he expects to remain about a week.

Two nickel steel plates, which are to be put to a practical test as an armor, have been received at the Washington navy-yard, from whence they will be taken to the proving ground at Indian Head, Md. They are the first American plates made, and the test is looked forward to with much interest.

The chief of the secret service division of the United States Treasury Department has issued orders of the arrest in Huntsville, Ala., of E. J. Nichols and John Cummings for passing counterfeit money.

Special Agent Stratton reports to the Treasury Department that he has detained at the port of Philadelphia five glass workers destined for Ford City, Pa. The men, he says, came into the United States under contract. The men will be sent back.

## CAPITAL NOTES.

P. H. Morgan has been appointed postmaster at Shawboro, Carrick county, vice S. C. Bortell, resigned.

Superintendent Kimball has telegraphed Keeper Drinkwater permission to come to Washington and face the proper authorities to-morrow. Drinkwater considers the report of Lieutenant Walker unjust and will be permitted to put his side of the case before the authorities in as strong a light as possible.

Solicitor-General Taft, on behalf of the Government, will on Monday ask the United States Supreme Court to postpone the hearing in the Sayward-Belting case until Monday, April 27th, owing to the continued absence of Attorney-General Miller, who is the only member of the department of justice thoroughly familiar with all the details of the case.

## SINGULAR, IF TRUE.

A Report that One of the Victims of the New Orleans Lynchers was Consul of Bolivia.

WASHINGTON, April 17.—A singular fact in connection with the Italian matter, which has entirely escaped attention up to the present time, is that one of the leading Italians lynched in New Orleans was representative at the time of his death the recognized consul at that port of a foreign government, but not that of Italy. Jose P. Machera, the alleged head of the Mafia, and the most prominent of the time of the mob, still stands in the record of the State Department as the duly accredited and recognized consul of Bolivia in New Orleans. He was a wealthy merchant. His firm of Machera Brothers still continues the agency of one important steamship line touching at New Orleans and trading with South American ports, and it was probably from this connection that Machera came to be appointed consul for Bolivia. The hard fact remains that he was such a consul at the time of his unauthorized execution.

It is not a diplomatic representative here. Its most prominent agent is Consul-General O'Brien, of New York. It does not appear that he has made any movement in the matter. O'Brien was a delegate to the recent International Monetary Commission which sat in Washington. Incidentally during his visits to the capital in that connection he mentioned with regret that since the disastrous Chili-Peruvian war Bolivia had been left without any support and had to do all her commerce through the neighboring States. Bolivia, without a navy or support, is a very small factor among nations. Nevertheless, it is possible that some explanation may be asked of the United States as to the killing of one of its consuls.

## FATAL DASH FOR LIBERTY.

A Prisoner Jumps From a Train and is Killed by a Passing Freight.

PITTSBURGH, Pa., April 17.—Constable McDonald, of West Newton, having charge of the prisoner Sandy Wilson, of Greensburg, boarded the fast train on the Pennsylvania railroad at Greensburg last night. After taking their seats in the smoker, the constable removed the handcuffs from his prisoner, and they sat together smoking and talking. The constable remarked: "Well, Sandy, you will soon be locked up." A Wilson replied: "I'll see you in hell first, and with a blow knocked the constable from the seat and rushed out on the platform and sprang from the train. As he did so Constable McDonald followed. Just as both men reached the ground a freight train came roaring down the track. The fast train was stopped, and after a search McDonald was found alive but unconscious. Wilson's lifeless body was found thirty feet from the track horribly mangled. The men had jumped immoderately in front of the freight train and were struck by the pilot.

## A Condemned Murderer Escapes.

BALTIMORE, Md., April 17.—William Blaney who was recently convicted of murdering his grandmother and aunt, and who was yesterday sentenced by Governor Jackson to be hanged on June 12th, has escaped from the Baltimore jail. The sentence was to have been carried out this afternoon, but when word reached of his escape he was found. Blaney's crime was particularly atrocious. He was caught in the act of robbing his grandmother, who had supported him for years, and split her head open with his axe. His aunt, appearing at the scene, he also butchered her. His trial was a long one, resulting in a verdict of guilty. Blaney's friends said he would never go to the gallows.

## RACE-BALL RESULTS.

At Louisville: 0 0 1 2 0 0 0 0 1—3 Cincinnati. 1 0 0 0 0 0 0 2—3 Cincinnati. Cabot and Cook; McGill and Vanham. Empire Kerins.

At St. Louis: 0 0 0 0 3 0 0 1—7 Columbus. 0 0 1 0 3 0 0 0—4 Columbus. Neal and Munyan; Dolan and Dwyer. Empire Ferguson.

At Macon, Ga., April 17.—Cleveland and Pittsburgh crossed bats again today, the score when the game ended was 14 to 4 in favor of the Cleveland club.

## A Victim to Mob Violence.

BOWLING GREEN, Ky., April 17.—William Skaggs, colored, here this morning did not meet his death early yesterday morning, a victim to mob violence, in the country about two miles from this city. Skaggs on Thursday went into Allen county on a visit, and while there became engaged in a personal difficulty with a white man named William Kirby, resulting in Kirby being fatally cut with a knife. Yesterday seven masked men invaded Skaggs' yard, and while he was trying to escape he was met by a volley of bullets from the maskers and fell dead on the ground.

## OUT-MEAL MILLING TRUST.

CHICAGO, April 17.—A morning paper says the oatmeal millers of the country have formed a combination to take the place of the oatmeal trust, and to control the supply of oatmeal. One of the members has given as authority for the statement that there is no intention of advancing the price, the only object being to limit the output and prevent the prices from going lower.

## Alliances Ignore the Call.

ATLANTA, Ga., April 17.—All the indications point to the Southern Alliance men ignoring the call of President McGehee, of the Kansas Alliance, for a third party convention. President Livingston, of the Georgia Alliance, says formal demands will be made on both of the parties. If ignored, there is a possibility of the third party being formed.

## Mrs. Cleveland's Spaniel.

CLEVELAND, O., April 17.—Baton, the handsome imported spaniel who was presented to Mrs. Cleveland while she was mistress of the White House, has taken first prize in the class for spaniels of his breed over twenty-eight pounds at the Cleveland bench show, and was also declared to be the best dog exhibited, and was given a special award on that account.

## Business Failures.

NEW YORK, April 17.—The business failures occurring throughout the country during the last seven days number for the United States 217 and for Canada 34, or a total of 251 as compared with a total of 243 last week, and 243 the week previous. The corresponding week last year were 214, representing 181 in the United States and 33 in Canada.

## Death of a Miser.

CHICAGO, April 17.—John Gorsche, an eccentric millionaire, died Wednesday night at his home, a small shanty at Van Buren, aged seventy-five. He has lived in the shanty with his wife nearly fifty years, and kept large sums of money and other valuables about the house. He and his wife took turns sitting up all night to guard the valuables.

## Congressman Enoch Injured.

INDIANAPOLIS, O., April 17.—Congressman Enoch, who is attorney for the Norfolk and Western railroad, was seriously injured today by being thrown from a buggy in which he was driving. The horse became frightened at a passing engine and ran away, throwing Mr. Enoch over a high embankment.

## Ninety Persons Drowned.

SAN FRANCISCO, Cal., April 17.—The steamship Manowai arrived here today from Sydney and Honolulu. She reports that the British ship St. Cathar's has been wrecked off the Caribbean Islands, resulting in the drowning of ninety persons.

## The Whisky Trust.

PROMA, Ill., April 17.—The directors of the whisky trust have elected Joseph H. Greenhill, president; Adolph Woelker, vice-president; William Hobart, of Cincinnati, treasurer; P. J. Hennessey, of Chicago, secretary. George J. Gibson was not re-elected in his office.

## HONOR TO THE PRESIDENT.

The Little Man Given an Oration by the Citizens of Memphis.

## HE RESPONDS IN AN ELOQUENT SPEECH.

Puts in a Word for the Present "Liberal" Administration and Congratulates the South on Her Progress.

MEMPHIS, TENN., April 17.—The elegant special bearing the Presidential party arrived here at 8 o'clock, promptly on schedule time, after an all-night ride from Birmingham, Ala., over the Kansas City, Memphis and Birmingham road, across the northern part of Mississippi. No stops were made in that State, however, and the only incident of the run occurred at Jasper, Ala. That town was illuminated with many bonfires in honor of the President, and nearly 2,500 of the inhabitants gathered at the station to pay their respects. It was 11 o'clock when the train reached there, and the President, General Wainwright, and the ladies of the party had retired for the night. The people were disappointed at not being able to see the President, but were gratified at being allowed to pass through and inspect the Presidential train. The train was met by a large crowd of people, and the President responded in an eloquent speech, in which he put in a word for the present "Liberal" Administration and congratulated the South on her progress.

## MET BY MEMPHIS CITIZENS.

This morning when the train reached Bellevue station, seven miles from this city, it was boarded by a committee of citizens from Memphis, headed by R. C. Graves, William H. Moore and G. C. Matthews. A number of ladies accompanied the party and presented the President with bouquets of La France roses. The Mayor, L. C. Clapp, and other municipal officers received the President on his arrival in the city. The President was met by a large crowd of people, and the President responded in an eloquent speech, in which he put in a word for the present "Liberal" Administration and congratulated the South on her progress.

## THE PRESIDENT RESPONDS.

The President responded as follows: "The name of the city of Memphis is familiar to me in my early boyhood. Born and reared upon the tributaries of the great river upon which your city is located, the river marts of commerce were the familiar trading ports of the Ohio valley. I well remember when on the shores of my father's farm, the old 'Broadway' was loaded with the hay press and the corn crib to market with the plantations along the lower Mississippi. I remember to have heard from him and the neighbors who constituted the crew of those pioneer craft of river navigation. In those times these States were largely supplied with grain and forage from the Northwestern States. Here you are giving attention to one or two great staple products for which you found a large foreign market. I congratulate you that progress is even made in the agricultural, but has diversified your agriculture, so that you are not wholly dependent upon these great staples for the income of your farms. It is a great thing that you are now raising cotton as well as raising corn. (Cheers.) The benefits of this diversification are very great, and the change symbolizes more than we at first realize."

## MANUFACTURING PURSUITS.

I rejoice in your adding to diversified agriculture diversified manufacturing pursuits; that you are turning your thoughts to compressing and spinning cotton as well as raising cotton. I know no reason why these cotton States should produce 75 per cent of the world's cotton and not spin the greater portion of it; no reason why they should not export it as raw material and as manufactured products. I am glad that you are turning your thoughts to compressing and spinning cotton as well as raising cotton. I know no reason why these cotton States should produce 75 per cent of the world's cotton and not spin the greater portion of it; no reason why they should not export it as raw material and as manufactured products. I am glad that you are turning your thoughts to compressing and spinning cotton as well as raising cotton.
